A VOTE TO-DAY!

On the Tariff Bill Will be Taken at 6 O'clock--Carlisle Addresses the Senate.

WASHINGTON, Sept. 30.—Senator Aldrich says that a vote on the tariff conference report will not be taken probably before 6 o'clock. Senator Spooner is to speak, and possibly Senator Allison, and on the democratic side Senator Gray. Mr. Aldrich will close the debate.

The senate passed the house bill to promote the administration of justice in the army, with a verbal amendment. Resolutions authorizing the irrigation committee to continue its work and continuing the pay of sessions' clerks and clerks to senators during the recess were passed.

The conference report on the tariff bill was taken up and Mr. Carlisle addressed the senate. He would not, he said, attempt to discuss the economic theory of the bill. It was now about to pass entirely from the hands of the senate and beyond its control, and a discussion of the question could not be undertaken without neglecting the last opportunity to state, as accurately as possible, what the main provisions of the measure were and what would be its probable effect on taxation.

It was not his purpose to attempt to state the effect of the measure on the public revenue, because it would be impossible to do so with any degree of accuracy. But he could state approximately what its effect on taxation would be. No member of the finance committee had ventured during the tariff debate to express an opinion as to what the effect of the bill would be on the revenues of the government, except the senator from Iowa, Mr. Allison, who, in the course of a speech on the subject of the expenses of the government, had reviewed the subject to some extent. But that was before the conference report was made.

The house to-day passed joint resolution apropriating $10,000 to enable the postmaster-general to test the free delivery system at small towns and villages; senate bill to protect actual settlers on public lands in Florida on which deposits of phosphate have since been discovered; bill released to San Francisco the United States title to certain land near the Presidio.

The president sent to the senate today the following nominations: Geo. S. Batchelor, of New York, to be minister resident and consul general of the United States to Portugal, vice Geo. B. Loring resigned; to be consuls of the United States: Horace M. Metcalf, of Maine, at Bermuda; Oscar Malmeros, of Minneapolis, at Denia, Spain.

THE OPERATOR FORGOT.

And a Disastrous Wreck Follows On a Pennsylvania Railroad.

WILKESBARRE, Pa., Sept. 30.—An accident occurred on the Jersey Central railroad, near Manch Chunk, last evening. The day operator at Leighton, whose name is Heiflefinger, had orders to hold a coal train at that place, so that a passenger train could pass it. The message was received just a few minutes before he gave place to the night operator, and he forgot to tell the latter of the order. The result was a collision between the coal train and a passenger train going at a high rate of speed. The engines came together with such force that they were thrown over the embankment of the Lehigh Valley tracks below.

The passengers were panic stricken, but none of them were injured beyond a few bruises. The killed are: Engineer Bigelow, of the coal train; Fireman Dunlap, of the coal train; Fireman Mitchell, of the passenger train. The injured are: Taylor Bedford, engineer of the passenger train, and two brakemen of the coal train.

TRAIN WRECKERS.

ST. JOHN, N. B., Sept. 30.—Late last night train wreckers ditched the fast Canadian Pacific express from Halifax near Anagance, sixty miles from St. John. The road is blocked and definite information is lacking. The reports indicate that the sleepers were fastened on the rails and the engine was smashed to fragments. The baggage car was also damaged, but there is yet no word of fatalities. Some time ago at the same place a bolt was taken from the track, a switch left open, and the signal made to indicate that all was well.

MASSACRED BY NATIVES.

Capt. Hedley and a Vessel's Crew Made Victims.

LONDON, Sept. 30.—Information has reached here of the massacre by natives of Capt. Hedley, owner of the cutter Issabell, of Hartlepool, together with the crew of the vessel while engaged in fishing for pearls off the coast of New Guinea. After the murder of all on board the Papuan savages looted and scuttled the cutter.

Murdered and Placed on the Track.

PITTSBURG, Sept. 30.—The remains of Wm. Nolan, an iron worker, were found on the Pittsburg, Fort Wayne and Chicago tracks near Vern station last midnight. It was at first thought that he had been struck by a train, but it has since transpired that he was robbed and murdered and his body placed on the tracks to conceal the crime. His assailants are not known.

ELEGANT STEAMERS

Eclipsing the Ocean Palaces Will Be Placed on the Northern Lakes.

MILWAUKEE, Wis., Sept. 30.—Captain Fred Pabst, the millionaire brewer, who was formerly a lake captain, has concluded to build a fleet of passenger boats to run on Lake Michigan between Milwaukee, Chicago and Mackinaw, which will eclipse in magnificence and strength the palaces of the ocean. These boats will be built all of steel, including decks, the cost of which will aggregate over a million dollars. Captain Pabst had the plans drawn last year, and these will be improved upon, with ideas which he has acquired during his travels abroad. The vessels will be finished in unequalled style and the contracts for them will be ready to go into commission on May 1, 1891.

"PLUCK ME" STORES.

Coal Miners Object to Them--Trouble From a Strike Feared.

RICHMOND, Mo., Sept., 30. — The strike of the coal miners near Camden, which has been in operation about five weeks, is assuming a serious aspect. The men object to the system of supply stores of the company, which they claim are run on the "pluck me" plan. They also wish the semi-monthly payment of wages restored. Saturday about thirty new men were brought to the mines, but the strikers refused to allow them to go to work. It is feared violence will ensue if the company insist on putting new men to work. About 400 miners are idle.

BOODLE NOT BRAINS.

Vanderbilt's Son Gets Very Angry at a Connecticut Newspaper.

NEW HAVEN, Conn., Sept. 30.—Wm. H. Vanderbilt, son of Cornelius Vanderbilt, and a Yale sophomore, was a very angry young man last night. A local paper announced, under the head lines, "Boodle not Brains," that the wealthy New Yorker had been dropped from his class because of low standing. Young Vanderbilt has secured a contradiction of the story from the faculty, and he threatens to sue the newspapers for libel.

A DRUNKEN QUARREL.

Tim Magin Shot and Instantly Killed.

CHICAGO, Sept. 30.--During a drunken quarrel last night Tim Magin was shot and instantly killed at his home, 83 Tilden avenue. Mike Magin, a stepbrother of the dead man, is under arrest, charged with the shooting. Mike Mahoney, who is said to have been present and engaged in the quarrel, is also under arrest.

Monument to O'Reilly.

BOSTON, Sept. 30.—At an adjourned meeting of the John Boyle O'Reilly memorial committee last night a resolution was offered declaring it to be the desire of the committee to commemorate the name of John Boyle O'Reilly, by a statute or other memorial in some public place and also by an alcove in the public library to bear his name. It is desired to raise the sum of $50,000 for the purpose. This resolution will be acted upon at a meeting next Monday, when, it is expected, the form of memorial will be finally determined.

Federated Employes.

NEW YORK, Sept. 30.—A committee of forty-three, representing the Federated organization of train employes on the Erie system, is in town with a grievance. The men complain of the long hours, and want to be paid over time if they work more than ten hours. A committee called on Vice-President Thomas yesterday. Mr. Thomas promised to consider their demands and let the committee know his answer at the earliest possible moment.

Prize Fighters.

NEW ORLEANS, Sept. 30.—It is now reasonably certain that a fight will be arranged between Dempsey and Fitzsimmons to take place before the Olympic club in this city. Dempsey yesterday wired the club to forward the articles of agreement on the basis proposed, to wit: A purse of $12,000. The date of the fight has not been determined, but it will probably take place the last week in October.

Base Ball.

ST. LOUIS, Sept. 30—President Stern, of the Cincinnati club of the National league, gives the following terms on which the club will be sold to the Brotherhood, and if accepted the transfer will be made next Tuesday. The price to be paid is $48,000, of which sum $30,000 is to be cash in hand on that date and a lien of $18,000 follows on the property delivered. It is thought the offer will be accepted.

Chief Arthur.

SAN FRANCISCO, Sept. 30.—Chief Arthur has arrived here for the purpose of adjusting, if possible, the differences between the engineers of the Southern Pacific railroad and the officials of that road.

The Weather.

WASHINGTON, Sept. 30.—Indiana—Rain, preceded in northern portions of Indiana and Ohio by fair, stationary temperature; easterly winds; rain and warmer Wednesday.

General Boulanger.

PARIS, Sept. 30.—General Boulanger will issue a reply to the "Coulisses due Boulangism," in the shape of a book to be entitled "Les Vreaies Coulisses,"

CAN IT BE TRUE?

A Report that Ex-President Hayes is to Wed a Handsome Widow of the Old Dominion State.

The following dispatch appeared in yesterday's Cleveland Plain Dealer:

"WASHINGTON, D. C., Sept. 28.—[Special.]—It is rumored here that Ex-President Rutherford B. Hayes is to marry a widow who lives in Central Virginia. It is understood that they met while she was visiting in Ohio several months ago. The lady belongs to one of the most prominent families in the Dominion. She has been a widow sixteen years, but is said to be very handsome, and looks to be fifteen years younger than she really is."

CINCINNATI, Sept. 30.—Ex-President Hayes has been in Cincinnati for the past few days attending the prison congress. When a reporter called at the Burnet house last night with the intention of asking him if there was any truth in the rumor, it was learned that Mr. Hayes had left early in the evening for the east.

SILVER.

San Salvador Imposes an Export Duty of Ten Per Cent.

NEW YORK, Sept. 30.—Information reached Wall street yesterday that the government of San Salvador has imposed an export duty of 10 per cent. of the shipment. There are but 8,000,000 ounces of silver held on speculative account in New York. The trust companies now charge two cents per day for 1,000 ounces for storage and issue certificates for 1,000 ounces each. Settlements of differences as to the market value of silver fluctuates are made through the Western National bank. Previous to July 15th the storage charge was only one cent a day, and there are many thousand ounces of silver still held at that rate on old contracts. The total production of silver in this country this year will be 50,000,000 ounces. The drop in the price of silver has been very marked recently. The decline yesterday, as compared with Saturday's last prices, was 1¼ cents, making a fall of 3½ cents in a week. The loss of value on the 8,000,000 ounces held in New York for speculative purposes since Saturday's closing has been $66,600, or $277,500 within a week. The average price paid for this silver had for speculation was about $1.01½. It was bought at quotations ranging from 95 cents to $1.21½. The highest price was on August 18, $1.21½, and the lowest, 95 cents, was in March last.

A PITIFUL CASE.

A Father Driven to Suicide by the Death of His Children.

NEWARK, N. J., Sept. 30.—Worn in body from constant watching, without sleep and frenzied with grief by the death within the preceding thirty hours of three of his five children from diptheria, while the other two lay at death's door with that same malady, John Keene, a hard working machinist, of No. 132 Plane street, rushed from his home at noon on Sunday and was not heard of again until yesterday when word was sent to Chief of Police Pepper that Keene had shot and killed himself in the Vandyke house at 208 Bowery, New York. Dr. Clarke said yesterday that the case was one of the most pitiful that came under his notice. He has hopes he says of saving the lives of the other two children, as their conditions have changed slightly for the better. The doctor fears, however, that the mother will be driven insane by her great trouble.

AT HIS TENT'S DOOR.

A Brutal Murder Committed in Mexico.

BUFFALO, N. Y., Sept. 30.—News has just been received here of the murder of Arthur Cruttenden, son of Dr. A. H. Cruttenden, of Bath, and brother of W. M. Cruttenden, associate editor of the News, in Mexico. A letter from Henry Canfield, a partner of the murdered man, dated August 22, states that they, with Dr. Howe, owned an interest in a mine near Herachinerna in Sonora, Mexico, and were living in tents at the mine. On the morning of August 21 Cruttenden arose and stepped out of the tent. As he did so he was struck on the head with an axe in the hands of a Mexican. Hearing his cries Dr. Howe hurried to his assistance and grappled with the Mexican and the two rolled over a high bank. The Mexican fled and Dr. Howe was found to be severely injured. Cruttenden started to go to the town for medical assistance. Failing to return, a search was made and his body was found in a creek with a sharp axe in his back, the Mexican having evidently followed him and finished his bloody deed. The dead man was part owner of several valuable mining claims in Mexico.

Hotel Burned.

GLENS FALLS, N. Y., Sept. 30.—The Agawam, well-known summer hotel located near the Marion house in the town of Bolton, Lake George, was burned early this morning and was entirely consumed, together with its contents. There is an insurance on the building and furniture of $9,000. The origin of the fire is unknown.

Fort Wayne lodge, 116, K. of P., will meet to-night.

KIMMEL SAYS "NO."

The Republican Candidate for Congress from this District Declines the Nomination.

The republican congressional committee, whose duty it was to notify Orlando Kimmel of his nomination for congress by the republicans of the Twelfth congressional district, waited upon him at his home at Ligonier yesterday, and were informed that, owing to other business relations, he could not accept.

It will be necessary now to fill the vacancy on the ticket and this will probably be done by the congressional district committee appointing some person. Who that will be is not known. It is understood that some of the committee are favorable to the nomination of Hon. John W. Hayden and it may be that he will be selected.

Mr. Kimmel probably did not care to make a hopeless race against Congressman McClellan and it is possible the republicans will find it difficult to get a man who will accept the nomination.

BEATEN TO DEATH.

Wm. Joslyn Assaulted by a Gang of Toughs--Arrested for Arson at Napa, Cal.

MT. MORRIS, N. Y., Sept. 30.—Wm. Joslyn, who arrived here from Mt. Clemens, Mich., to which place he removed from here several years ago, was assaulted by a gang of toughs in front of the Scoville house about 10 o'clock last evening and beaten to death. Three of the gang, Fred Diggert and two others, one of whom is named Jerry Keating, have been arrested and the officers are after the others. The murdered man has a wife and two children at Mt. Clemens. He is a brother of F. M. Joslyn, of this place, and was formerly in the livery business here.

NAPA, Cal., Sept. 30.—James Flamont, aged twenty years, the son of a well known citizen, has been arrested on the charge of arson. Flamont and another lad named Lee Howell, it has been discovered, were the leaders of a gang of young fire bugs. For the past two years a number of fires, which were undoubtedly of incendiary origin, have occurred in the town. The authorities were mystified, but finally succeeded in fixing the guilt on Flamont and Howell. Flamont has confessed to firing two buildings. Howell has not been arrested.

BIRCHALL'S BRAVADO.

The Murderer May Cheat the Gallows by Suicide.

WOODSTOCK, Ont., Sept. 30.—While Birchall was being taken to the jail last midnight, after being sentenced to be hung for murder, he made his only comment on his conviction and sentence. He said: "Here's a how do-you-do; I've had pretty tough luck all through." He retired almost immediately after reaching his cell and slept soundly. He arose at the usual hour this morning, ate a hearty breakfast and appeared not at all depressed. Mrs. Birchall did not learn last night of her husband's fate. She was in a highly excitable condition and her physicians gave her an opiate before the verdict was reached, and she slept soundly all night. This morning she was told of the verdict in the presence of the physician and bore up bravely. It is believed she will recover sufficiently to sail a week from to morrow for England on the Germanic with Mrs. West-Jones. No one is allowed to see Birchall this morning without an order from the sheriff. The strictest watch is kept over him. Many believe he will cheat the gallows yet by committing suicide.

QUITE A SENSATION.

Excommunication of Vatican Authorities at a Portugal University.

ROME, Sept. 30.—The excommunication by the vatican authorities of the thelogical faculty of the University of Coimbra, Portugal, and the prohibition of a new ordination of priests in 1890 has caused a considerable sensation. Fears are entertained that owing to the delicacy of the political situation in Portugal, serious consequences will follow this action. The vatican is charged with having shown a lack of prudence in the premises.

A BIG PRICE.

Ten Thousand Dollars Paid for a Two-year-old Trotter.

LEXINGTON, Ky., Sept. 30.—The highest price ever paid for a two-year-old Kentucky trotter was given yesterday when Brasfield & Tipton gave Bowerman Bros. $10,000 for the bay filley, Lady Wilton, record 2:25, two-year-old, by Wilton, record 2:18¼, the only stallion that ever beat Palo Alto, dam, Lemonade, record 2.27½, by Kentucky Prince, jr. This sale will cancel Lady Wilton's two-year-old engagements, but she will be campaigned next year by a noted trainer.

GETS THE BEST SEAT.

A Colored Citizen of Evansville Sues for Damages Under the Civil Rights Bill.

EVANSVILLE, Ind., Sept. 30.—The first case ever tried here under the civil rights law was terminated at 11 o'clock last night. In May last Charles Sheldon, a well to do colored citizen, visited Eugene Robinson's "floating palace" and demanded the best seat, for which he was charged $100, which he paid. After being in his seat a few moments he left and sued Robinson for the amount of his ticket and damages for $100. After five days' trial the case terminated in favor of Robinson.

DEATHS AND FUNERALS.

Mrs. Louis Romy's Sad Demise--A Child Dies of Spasms.

At 3 o'clock this morning occurred the death of Mary Ella, wife of Louis Romy, of 31 Lillie street. Death was caused by puerperal fever. The deceased was born in Danville, Ill., and was twenty-four years old January 25, last. She had been a sufferer for several weeks, having endured such pain that at times she was delirious. She was unconscious during her last hours. A husband and a babe survive her.

Frank J., the eight-days-old son of John Nieman and wife, of 826 East Washington street, died last evening, of spasms. The funeral will take place tomorrow afternoon, from the house, at 1 o'clock, and at 1:30 from St. Marys Catholic church.

The funeral of Mrs. Catherine Fogarty took place this morning, from the Cathedral, and was largely attended. Interment in the Catholic cemetery.

The funeral of Mary Magdalene, the nine months-old daughter of Benoit Ellert and wife, took place this morning, at 9 o'clock, from St. Mary's Catholic church. Interment in the Catholic cemetery.

The funeral of Mrs. C. J. Pierson took place this afternoon, at 1:30, from the house, 155 Hanna street, and at 2 o'clock from the U. B. church. Interment at Lindenwood.

The funeral of Mrs. John Cashman will take place to-morrow morning from the residence, 41 Fourth street, at 9 o'clock, and 9:30 at the Cathedral. Interment will be at Hillsdale, Mich.

AN OLD MAN'S ACCIDENT.

John Lancaster Meets With a Severe Accident---Limb Fractured.

John Lancaster, who is seventy-two years of age, met with an accident while driving on Dawson street last evening which will confine him to bed for a long time. He was driving a team of mules, attached to a load of wood, and when near the Simpson M. E. church, one of sticks of wood fell from the wagon with a rattling noise and frightened the team, which started to run. One of the wheels of the wagon sank into a deep rut in the road, the jar causing Mr. Lancaster to lose his balance and he was thrown violently to the ground in front of the hind wheel, which passed over both his lower limbs near the ankles. The right leg was fractured and the other one badly bruised. Several people who witnessed the accident rushed to his assistance and he was conveyed to his home on Calhoun street, where he is now resting as easy as could be expected under the circumstances. The extreme old age of Mr. Lancaster will impede his recovery.

WITH A BASE BALL BAT.

Well Known Chicagoian Fatally Injures the Traducer of His Daughter.

CHICAGO, Sept. 30.—John Brenock, ex-West park commissioner and an old and well known citizen, assaulted Edward E. Swiney yesterday afternoon with a base ball bat, inflicting injuries which will probably prove fatal. The circumstances of the affair are sensational. For some time vague rumors have been floating around the neighborhood connecting Swiney's name with that of Mrs. Ragor, Brenock's married daughter. Brenock finally heard of it, and yesterday afternoon, so it is said, intercepted a note from Swiney to Mrs. Ragor. His rage knew no bounds. Meeting Swiney yesterday afternoon, after some words, Brenock seized a base ball bat from a little boy in the street, and struck Swiney a terrific blow on the head. Again and again did he raise the murderous weapon, each time bringing it down with awful force on his victim's head. At this juncture bystanders rushed up, and seizing Brenock led him away. There is little hope of Swiney's recovery.

A BIG FIRE.

Ten Blocks and a Hotel Burned in New York State.

ILION, N. Y., Sept. 30.—A fire started in the hotel Daniels in this place at 3 o'clock this morning. Ten business blocks were burned to the ground and half a dozen more or less damaged by fire and water before the flames were gotten under control. The loss is $45,000; mostly covered by insurance. The following is a list of the buildings destroyed: Hotel Daniels barn; Whitney's livery stable; Jepson's news store; Ongle's furniture and undertaking establishment; Dishton's meat market; Humphrey & Meehan's restaurant and M. W. Chomby's saloon. The upper portions of the Daniel's hotel was badly damaged. The new town hall and fire department building were also badly damaged by fire and water. The News office was badly damaged by water.

Failure.

BOSTON, Sept. 30.—Raphael & Lemenburg, dealer and manufacturers of cloaking, at 40 Sumner street, have assigned to N. P. Jones, of Cumnur, Jones & Cummer. Their liabilities are estimated at from $175,000 to $200,000.

Charles Tressell, of Meyer Bros. drug store, is on the sick list.

DIABOLICAL DEED.

Mrs. Charlotte Haas Nearly Murdered by Two Ruffians

Who Gain Admission to Her Home at the Hour of Midnight.

They Torture Her to Force Her to Tell Where the Money is.

She is Assaulted and Left Bleeding and Insensible on the Floor.

One of the boldest and most atrocious acts that has come to the notice of the officers for some time occurred last night at the southern limits of the city, near the reservoir. The scene of the deed was a dwelling at the southwest corner of Lafayette and Leith streets, the home of Mrs. Charlotte Haas, a German widow, who was the victim of the murderous assault.

About midnight last night Mrs. Haas was aroused from her slumbers by a violent rapping on the back door. She arose and peering from a window, discovered the forms of two heavily built men outlined in the moonlight. She inquired of them what might be their mission at that hour of the night, whereupon the largest one of the two, a man wearing a slouch hat, replied: "Madam, your son has been badly injured in the railroad yards and we have been sent to inform you. Let us in and we will explain how it happened."

The woman has two sons, and one of them, Christian, has been employed in the railroad yards. She feared that he had been badly injured or killed, and this thought drove all fear or doubt from her mind.

Mrs. Haas opened the door, admitting the two men. They had hardly passed the threshold when one of them quickly closed the door, while the other one presented the glittering barrel of a revolver before the startled gaze of Mrs. Haas. The woman divined that the evil intention of these desperate men was to commit robbery, but she nerved herself to frustrate their designs if it was in her power so to do. She screamed loudly for help, but before she could repeat the alarm, one of the men clapped his hand over her mouth at the same time exclaiming with an oath that if she attempted to scream again he would force the revolver down her throat and blow her head off. They then demanded money. She gave them no satisfaction, whereupon they attempted to torture her into divulging the whereabouts of her cash savings of several years. The bold demons, not yet successful in their diabolical act, beat the woman and kicked her until she lay bleeding and insensible on the floor. The men then proceeded to search the house.

In the meantime neighbors, who heard the woman's cries of pain and terror, hurried to the scene and peering through the window, discovered Mrs. Haas lying in a pool of blood. The door, which was locked by the two robbers, was broken open and the excited men to the number of ten rushed in. The assassins, who cared not whether the woman they had murderously assaulted was dead or alive, hastily escaped, leaving behind them in their flight a slouch hat and a red handkerchief and the revolver, the weapon having been dropped in the struggle. The wounded Mrs. Haas was laid tenderly on a bed and a physician summoned. It was some hours before she recovered consciousness. When she did, her first inquiry was to ask whether the fiends accomplished their devilish end. She was assured that they had not, only so far as to seriously injure herself.

Mrs. Haas was seen by Officer Limecooly to day and questioned regarding the affair. She described the men, and the officers will make a special effort to bring them to justice. The woman is badly hurt and there is an apprehension that internal injury has been sustained from the violent kicks inflicted on her abdomen and chest. Her face is bruised to jelly while numerous wounds appear on her head. It is hoped that the victim in this cruel assault will recover, but there are doubts expressed about it, and it is further hoped, and most anxiously, too, that the actors of this diabolical drama will pay the penalty of last night's work.

THE CRESCENTS.

A Popular Organization Plan for the Winter Entertainment.

The members of the Crescent club held a meeting at their rooms in the Foster block last evening and decided to give a series of receptions during the winter. They also elected officers to serve the ensuing year and were as follows: J. Winstanley, president; E. Rekers, vice-president; J. J. Quillman, secretary, and Skelley Aurentz, treasurer. They will give their opening reception on the 23rd of next month at either the electric club rooms or the Standard hall.

OUR CIRCULATION.

STATE OF INDIANA, ALLEN COUNTY, SS:
Personally appeared before me, Clerk of the Allen circuit court, Jos. E. 106 B. C.—Pompey the Great, Roman general, born, died 48 B. C.
1630—Boston named after Boston, Lincolnshire, England, from which place came many of the colonists.
1732—Birth of Jacques Necker, financier to Louis XIV; died 1804.
1745—Frederick the Great victorious over the Austrians in the battle of Sorr, his object being to hold Silesia, then under the dominion of Maria Theresa.
1781—Siege of Yorktown begun by the Americans under Gen. Washington; Cornwallis capitulated Oct. 19.
1800—Treaty of peace concluded between France and the United States.
1875—Archbishop John McCloskey, of New York, made the first American cardinal.
1889—Discovery of gold in Canton, China.

WILD game will have to suffer now. The sportsmen are out hunting.

THE Ohio synod of the Reformed church will convene at Bluffton to-morrow.

THE McKinley tariff bill will hurt the American people more than anybody else.

SENATOR TURPIE is now actively engaged in the campaign and is making masterly tariff speeches in Indiana.

WHAT will we do when congress adjourns! Oh, it won't be long until that body convenes again. Don't fret.

IT is estimated that twenty five per cent more wheat has been sown in this country this fall than was put out last year.

THE congressmen, released from the duties of their long session, will soon be among us discussing the political issues of the day.

THE year enters upon its last quarter to-morrow. In life's great race course the steed, Time, never pauses, nor increases or slackens his speed.

IN these days when time is money Fort Wayne should have rapid transit upon her street railroads. The electric motor car is a necessity of the times.

THE entire corn crop this season promises to be about 1,565,000,000 bushels—a reduction of 548,000,000 bushels, or nearly twenty-six per cent, compared with last year.

A COACHMAN in New York named John Williams, by the death of an uncle in California, has fallen heir to $4,000,000. He is the kind of a coachman for an American girl to elope with and marry.

IT is said two new republican morning newspapers will be started at Indianapolis to boom Gresham or anybody else but Harrison for president in 1892. Why stop at two? Make it half a dozen.

CHICAGO pays its city treasurer a salary of $25,000 a year. In addition to this the treasurer makes $75,000 annually by loaning out the money entrusted to his care. Who wouldn't rather be treasurer of the Chicago than president of the United States?

THE seminary report of the Grand Rapids Catholic diocese is just issued. There are 70 priests in the diocese in actual service, 36 students, 58 churches, 40 parochial schools, 152 teachers, 2 orphan asylums, 1 home for the aged, 3 hospitals, 15,266 Catholic families and 8,110 children.

THE regular annual session of the Northwest Indiana conference of the Methodist Episcopal church will convene this evening at Crawfordsville and continue in session until the following Monday night. It is expected that about one hundred and seventy-five ministers will be in attendance.

THE search into the bowels of the earth for oil and natural gas, and the failure to find them, have made many disappointed hearts within the last few years. The last to be added to the list is Payne, a town on the Nickel Plate road, just across the Ohio line. Her oil well, upon which she built high hopes of its being a gusher, came Saturday "dry," that is it will not pay to work it. There is a large showing of gas, however—with a flow of perhaps a quarter to half million of feet. The local company working it are not discouraged. Competent judges tell them that they are right in the heart of the oil region, and they will go to work at sinking another well.

THE Business Men's exchange, as will be seen by our local columns, held a large and interesting meeting last night. Much good can be accomplished for the city by these meetings, and we are glad to see renewed interest manifested. Keep the ball rolling.

THE Floyd county republicans have concluded not to nominate a county ticket, but to support the independent candidates now running, and make a special fight against the democracy on the legislative ticket. This is the Michener scheme to capture the legislature and secure his election to the United States senate.

SENATOR VOORHEES has made appointments to speak in the democratic campaign as follows: October 6, Gosport; 7, Brazil; 8, Logansport; 9, Huntington; 10, Columbia City; 11, South Bend; 13, Plymouth; 14, Albion; 15, Auburn. Senator Turpie will participate actively in the campaign in the First and Second districts.

THE nights are growing longer and the members of the family find more time to read. The evening paper supplies the need and is a welcome visitor. Without going from your home you learn from its columns the principal happenings of the day in your own city and the world over. No family should be without the evening newspaper.

SOME weeks ago the Indiana School Book company brought suit against the school trustees of the city of Frankfort, Ind., for damages for refusal to put in use the books which the company furnished under its contract with the state. Saturday the case was dismissed at the cost of the defendants, who agreed to use the books as required by law.

POSTMASTER VANCOTT, of New York, calls attention to the fact that considerable inconvenience to the employes of the postoffice department and delay to mail matter results from the failure of the public to properly address mail matter intended for delivery in North and South Dakota, large quantities of such matter being simply addressed "Dakota."

INSTANCES have been called to our attention where boys and young men standing on the streets have made insulting remarks to ladies as they pass by. A communication is before us citing a case on Barr street where two lads make a nightly practice of insulting ladies and we are asked to call the attention of the police to it. The young scoundrels should be dealt with severely.

FOR some reason the fish in the Sandusky river in Ohio are dying by thousands, and in some places the surface of the stream is almost literally white with dead and dying fish. They have evidently been poisoned by some substance poured in the water, and it is thought possibly the responsibility rests with a brewery which a few days since turned into the river a hundred or more barrels of spoiled beer.

THE editor who thinks he is the only fellow in the profession who is able to discuss the tariff question intelligently ought to move to Hindostan and teach the natives differential calculus. The tariff is one of the easiest questions in the world to talk about, judging by the number who attempt to speak and write on it. The man who earns $1.25 a day and spends a good share of that for the tariff on the necessaries of life feels it's burdens even if the protectionist can "down him" in a discussion on the subject.

THE czar of Russia must lead an unhappy life with the fear of assassination or a violent death of some kind staring him in the face every hour. Last Saturday another attempt was made upon his life. This time the conspirators planned to wreck a train by which it was believed the czar intended to travel from St. Petersburg to Warsaw. An obstruction was placed upon the track in the shape of five sleepers, which were tightly wedged in between the rails. The train which was supposed to be carrying the czar crashed into the barricade and was thrown from the track.

THE proposition to have the county purchase the gravel roads and make them free meets with favor. In Marion county the project is being pushed. The people there will vote on it in November, when the state elections are held. The appraisement of about forty-five miles of roads in that county was accepted yesterday. The total appraisement was nearly $30,000. If these roads are voted free, and they doubtless will be, there will remain but three toll roads in that county. Petitions have been presented asking that these roads be made free, and the probabilities are that within the next six months every road in Marion county will be made free. When the roads appraised yesterday have been voted free Marion county will have 272 miles of free gravel roads.

IN May last the citizens of the village of Mooreland, Ind., voted in favor of incorporation, but now a peculiar quandary has arisen; growing out of the need of an election for town officers, to serve the remainder of the present town year. There being no officers, and the Australian law being in force, there is no one with authority to conduct the election, nor does a ready means of bridging the difficulty suggest itself.

THE late ex-Congressman Heilman, of Evansville, bequeathed $10,000 to his son George, $50,000 to William, $60,000 to Frederick and $22,000 to his daughter Mary, leaving the remainder of his estate to his wife, and what remains after her death to be divided equally among all his children. However, if Mrs. Heilman re-marries, then only one-third of the estate goes to her. She was made executrix of the will without bond.

THE Birchall murder trial, which has been in progress at Woodstock, Ont., for some time, was brought to a close yesterday, the jury returning a verdict of murder in the first degree. The prisoner, John Reginald Birchall, was charged with the murder of F. C. Benwell in Blenheim swamp during February last. The case has excited great interest, exceeding anything ever known in Canadian criminal jurisprudence. Birchall was sentenced to be hung on November 13.

SUBSCRIBING STOCK.

Five Thousand Dollars Raised for the Exposition Project.

The Business Men's Exchange met in regular session last evening with President J. B. Monning in the chair. The principal topic was the exposition project, although the individuals appointed at the last meeting to investigate certain matters were called upon to report. Frank Alderman said that the laws permitted any township to free its gravel roads. He suggested that the only way for Allen county to have free gravel roads is to take the matter in hand with earnest zeal. In this he was supported by every member of the exchange, and Professor Leonard, of the Gazette, Col. D. N. Foster and Councilman Cody took part in the discussion.

D. N. Foster, chairman of the fair and exposition committee made a report. The site propositions came first and opening a letter from Edwin Evans, he announced that Mr. Evans would sell his farm and buildings on the St. Joe road for $35,000 and take $5,000 of the amount in stock. Hon. Fred. J. Hayden had 120 acres near the Feeble Minded school that he would lease for $750 a year for a term of ten or fifteen years. Stephen A. Tabor has a farm of 160 acres on the Maysville road that can be leased for $1,000 a year and taxes. Paul Tabor has a tract of forty acres that can be leased for $500 a year with all the additional land needed adjoining to it. The Hamilton farm on the Maysville road, the Baade farm of seventy acres on South Broadway, the Swinney land across the river, the Centlivre farm, the McDonald farm, the Pfeiffer farm, and other sites were suggested and laid aside for future action.

A. S. Lanferty submitted figures to show that the exposition would pay, and based his estimate on leased ground. He stated that for $20,000 the exposition and race track could be completed. He would then hold spring and fall meetings and for the first prophesied an attendance of 10,000 people, and for the second an attendance of 40,000. This would yield $25,000 gate receipts, aside from the sale of privileges. He figured easily a dividend of 10 or 15 per cent, on a capital of $25,000. Col. D. N. Foster said he had implicit faith in the safety of the investment. Hon. Chas. McCulloch urged the project, but suggested a long lease of the site selected.

S. M. Foster and A. D. Cressler followed encouragingly, and a motion was made to organize an association with a capital stock of $30,000, with $15,000 as a basis for action and the election of officers.

The following stock was then subscribed: Chas. McCulloch started the list with a subscription of $500. D. N. and S. M. Foster subscribed between them $1,000; A. S. Lanferty subscribed $500; A. D. Cressler, $500; Louis Wolf, $200; C. D. Tillo, $200; John Christen, $100; Rockhill Bros. & Fleming, $500; J. K. Ross, $100; J. P. Ross, $100. The members of the committee on organization commenced the work this afternoon. This committee is composed of J. W. Bell, A. E. Hoffman, A. D. Cressler, Willis Bash, H. C. Rockhill, S. M. Foster, Thomas Stewart, M. Frank, R. T. McDonald, W. H. Watt, W. H. Fleming and D. N. Foster.

E. Baker's excursion was reported to be coming here October 23.

W. P. Cooper was given the floor. He reported that Niedringhaus Bros., of St. Louis, were talking of a site for extending their immense business now located at St. Louis, Mo. A rolling mill, tin-plate works and steel plant are what the Niedringhaus brothers propose to add to their present works. Congressman Niedringhaus of the firm said the other day: "We have sufficient ground in North St. Louis to carry out these improvements, providing that the city will permit us to unite our blocks by vacating a street, but we can not do what we propose on a single block or on divided sites. Before we go ahead there are several important questions for us to decide. My brother and I are part owners in a railroad and in mines. The manufacturing interests which we have would easily keep up a city of 10,000 people. It is a question whether we would not do better to take a site outside of the city and build up a community as we extend our works. We can go to towns which will gladly give us all of the land we want upon which to locate our works. Those preliminary questions are to be settled first and then will come the building operations." The exchange authorized Mr. Cooper to correspond for the exchange with Neidringhaus Bros., asking them to locate this valuable plant in Fort Wayne.

George Smith has accepted a position in the wheel department of the Kerr Murray works.

Jacob Stine, of the American wheel works, will leave for a visit with friends at Huntington.

Philip Donahy, of the Pittsburg store house, will soon leave for Rome City on a week's vacation.

Fred Banmeister, John King and John Ford, of the Bass moulding rooms, are off duty to-day.

G. P. Lehr and A. Schumeyer, of the Pittsburg round house, are off duty on account of sickness.

The tire department of the American wheel works is closed down for the remainder of the week.

T. Carman, engineer on the Grand Rapids road, is off duty on account of the death of his father.

Adam Smith, of the Bass moulding rooms, is detained from duty on account of a badly burned foot.

John Brown, of the boiler department of the Kerr Murray works, is off duty on account of sickness.

Charles Rosenberger, of the American wheel works, is spending a weeks vacation at Garrett City, Ind.

Louis Miller, of the Kerr Murray works, is at Bloomington, Ill., doing some work for the company.

Fred Minnewisch, of the Pittsburg machine shop, is off duty on account of a severe attack of rheumatism.

Mike Hogan, of the Pittsburg car shops, has returned from Leipsic, Ohio, where he was visiting his aunt.

J. G. Carman, engineer on the Pittsburg road, is off duty on account of the death of his uncle Kip Carman.

B. S. Hedges and W. Longhenry, fireman on the Pittsburg road, has reported for duty after a vacation.

Fred Meyers, of the Pittsburg lumber yard, was obliged to leave his work yesterday on account of sickness.

Wm. Henker, of the Olds wagon works, has returned from a trip to Bluffton, where he was visiting his uncle.

Joseph Rauner and John Rupp, of the Pittsburg blacksmith shop, have returned to duty after a few days' absence.

Martin Travers, formerly of the Pittsburg machine shop, has accepted a position in the wheel department of the Kerr Murray works.

Clarence Baker has resumed his duties as mason on the cupalos in the Bass works, after nearly a year's absence on account of a paralytic stroke.

Fred Lagerman, of the Pittsburg boiler shop, will go to Chicago next week to accept a position in the electric light department at that place.

Dr. J. M. Kells, medical examiner of the Pennsylvania relief department, has returned from an extensive trip, during which time he had a consultation with the celebrated Paris physician, Dr. Pasteur, with a view to the erection of a hospital on the doctor's plan for hydrophobia. Dr. Oisna, from Chicago, performed the duties during his absence.

J. J. Quillinan, of Shop Clerk Meegan's office of the Pittsburg road, has returned from an extended vacation. He visited at Toledo and took a trip around the lakes.

The Vandalia is credited with being the most exempt from accidents of any road running into the state of Indiana, and this is due to the fact that very seldom is there a change in trainmen. When one drops out, however, another veteran in the service is promoted to his place and all have been trained to be careful, and are invariably men of good habits.

The sudden death of Kip Carman yesterday afternoon was sad news to the employes of the Pittsburg machine shop. He was an employe of the shop but has been unable to attend to his duties for several months. He was highly esteemed for his good fellowship and disposition. To show their regard for him they will present an appropriate wreath and will turn out in a body at the funeral.

On Saturday the circuit court of Wabash county, Indiana, issued, on application of the Wabash railroad company, an injunction restraining and prohibiting the Chicago and Erie railroad company, its officers, agents and servants, from doing anything calculated to prohibit or interfere with the running of the trains of the Wabash railroad over the tracks of the Chicago and Atlantic railroad between Laketon and Hammond.

The Kerr Murray works is at the present time rushed with orders, and in several of the departments they operate fifteen hours per day. The capacity of the moulding rooms was increased a short time ago and still they are not able to fill the orders for castings and are obliged to place orders with the Bass works, Indiana machine works and the Fort Wayne iron works. The orders turned out of these works go to all parts of the United States and Canada. Last week they made a large shipment of gas machinery to Windsor, Ontario, Canada, and also a consignment to the southern part of Florida, and a car load shipments to Atlanta, Ga., and Helena, Mont. Saturday they shipped a large consignment to the Port Townsend gas light company at Port Townsend, Wash., of which John Lillie, a former resident of this city, is president. Henry Loos, who has just returned from superintending the erection of a plant at Wheeling, W. Va., accompanied the plant to that place.

What Does it Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

HOME SEEKERS, ATTENTION!

Three Cheap Excursions via the Wabash Railroad.

For the accommodation of home-seekers and others going west, the Great Wabash Line will run three low rate excursions to points in Missouri, Kansas, Texas, Arkansas, Oklahoma, New Mexico, Colorado, Wyoming, Iowa, North and South Dakota, Nebraska, Minnesota, Montana, Idaho and Utah, on September 9, 23, and October 14, 1890. Tickets will be sold on above dates at half fare, or one fare for the round trip, allowing an extreme return limit of thirty days, with stop-overs, etc. Remember the Wabash is the only line between the east and west operating magnificent free reclining chair cars on all through trains, and is distinctively the people's favorite route. For rates, routes, maps and other descriptive matter, apply to R. G. Thompson, Passenger and Ticket Agent, Fort Wayne, Ind. 10-daw-toot14

Remember, we save you from $1 to $5 by buying your railroad tickets at Webb's Ticket Office, 92 Calhoun st.

ENSIGN RUMSEY'S DEATH.

He Was Drowned Off the Coast of Yokahoma.

Hon. J. K. Edgerton, upon receipt of a cablegram yesterday announcing the death of Ensign Harry B. Rumsey, off the coast of Japan, as stated in THE SENTINEL yesterday, at once sent a telegram to the United States navy department for particulars. At a late hour he received a responsive telegram, which stated that the navy department had been informed by a dispatch from Admiral Belknap, of the United States war ship Swartka, now in Japan waters, that young Rumsey had been drowned off Yokahoma, on Friday, the 26th inst. It was not learned whether or not the body has been recovered. The deceased was a promising young man. He was a graduate of the Annapolis naval academy and was on his second year's cruise. Three years ago the boy's father, Capt. Henry B. Rumsey, whose widow now resides with her father, Hon. J. K. Edgerton, on West Wayne street, this city, was fatally burned in a hotel holocaust at Buffalo, N. Y., saving a little girl's life by the act. The death of the young man so soon after his father is indeed a sad blow to the mother and to the family.

A Reprieve for the Condemned.

Wretched men and women long condemned to suffer the tortures of dyspepsia, are filled with new hope after a few doses of Hostetter's Stomach Bitters. This budding hope blossoms into the fruition of certainty, if the Bitters is persisted in. It brings a reprieve to all dyspeptics who seek its aid. Flatulence, heartburn, sinking at the pit of the stomach between meals, the nervous tremors and insomnia of which chronic indigestion is the parent, disappear with their hateful progenitor. Most beneficent of stomachics! who can wonder that in so many instances it awakens grateful eloquence in those who, benefited by it, speak voluntarily in its behalf. It requires a graphic pen to describe the torments of dyspepsia, but in many of the testimonials received by the proprietors of the Bitters, these are portrayed with vivid truthfulness. Constipation, biliousness, muscular debility, malarial fevers and rheumatism are relieved by it.

SOCIETY journalism in Japan, when it comes, will be a delicate vocation, for so sensitive is the Government as to "speaking evil of dignitaries," that it has just sentenced the editor of the *Gifu Gazette* to penal servitude for four years and a fine of £2,000 for speaking lightly of the 2,555th anniversary of the Emperor Jimum. An American journalist, or even some of our indigenous specimens, would either smash up or be smashed up by the Government in about a week.

A Blind Billiardist.

Julius Stern is the name of the most remarkable billiard player this country has ever seen. He is totally blind, yet a four cushion shot is common amusement to him, and he can "draw," "English" and coax balls around an ordinary billiard table in a way that simply astounds people who see him for the first time.

Twelve years ago Julius was one of the fastest long-distance walkers around New York. He could also sprint very well. He won much fame and many medals as an amateur on the cinder path. He caught a cold that settled in his left eye in 1872. After six years the doctor made up his mind to remove the eye, because the right eye was becoming affected. When the operation was finished young Stern was absolutely blind in both eyes. He passed one term in the Institution for the Blind in New York, but found that no trade he could learn there would support him. He went to work for a cigar seller and a few years ago began business for himself.

He is nearly six feet, slender but wiry and muscular. It is hard to believe that he is blind. He walks about his store and long billiard-room without a stick or any assistance. So keen is his sense of "touch" that he can "feel" any obstruction four or five feet away. He can tell when he is near such a small object as a hydrant or lamp-post on a quiet street by observing the difference in sound made by their obstruction. He sells twenty-three kinds of cigars, fourteen kinds of cigarettes and a dozen other varieties. He never makes a mistake. He makes change rapidly and distinguishes bills readily.

It is hard to describe how Mr. Stern manages the game of billiards. He locates the balls by the "spots" on the table and by placing them at certain distances from the little white diamonds in the rail. He makes a shallow "bridge" of his left hand, and his fingers flutter nervously over the cue ball before he shoots. He hits the ball as he chooses, whether for a simple carrom, follow, draw or masse shot. If any one who reads this article will shut his eyes and simply try to strike a billiard ball with the point of a fine-tipped cue he can guess at the marvel blind Julius Stern accomplishes in directing the cue ball wherever he wishes it to go.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ———— DOLLARS.

$578,345 00/100 29 DEC 1889. CERTIFIED. Payable through New York Clearing House, N. B. A.

E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

A VOTE TO-DAY!

On the Tariff Bill Will be Taken at 6 O'clock—Carlisle Addresses the Senate.

WASHINGTON, Sept. 30.—Senator Aldrich says that a vote on the tariff conference report will not be taken probably before 6 o'clock. Senator Spooner is to speak, and possibly Senator Allison, and on the democratic side Senator Gray. Mr. Aldrich will close the debate.

The senate passed the house bill to promote the administration of justice in the army, with a verbal amendment. Resolutions authorizing the irrigation committee to continue its work and continuing the pay of sessions' clerks and clerks to senators during the recess were passed.

The conference report on the tariff bill was taken up and Mr. Carlisle addressed the senate. He would not, he said, attempt to discuss the economic theory of the bill. It was now about to pass entirely from the hands of the senate and beyond its control, and a discussion of the question could not be undertaken without neglecting the last opportunity to state, as accurately as possible, what the main provisions of the measure were and what would be its probable effect on taxation.

It was not his purpose to attempt to state the effect of the measure on the public revenue, because it would be impossible to do so with any degree of accuracy. But he could state approximately what its effect on taxation would be. No member of the finance committee had ventured during the tariff debate to express an opinion as to what the effect of the bill would be on the revenues of the government, except the senator from Iowa, Mr. Allison, who, in the course of a speech on the subject of the expenses of the government, had reviewed the subject to some extent. But that was before the conference report was made.

The house to-day passed joint resolution appropriating $10,000 to enable the postmaster-general to test the free delivery system at small towns and villages; senate bill to protect actual settlers on public lands in Florida on which deposits of phosphate have since been discovered; bill released to San Francisco the United States title to certain land near the Presidio.

The president sent to the senate today the following nominations: Geo. S. Batchelor, of New York, to be minister resident and consul general of the United States to Portugal, vice Geo. B. Loring resigned; to be consuls of the United States: Horace M. Metcalf, of Maine, at Bermuda; Oscar Malmeros, of Minneapolis, at Denia, Spain.

THE OPERATOR FORGOT.

And a Disastrous Wreck Follows on a Pennsylvania Railroad.

WILKESBARRE, Pa., Sept. 30.—An accident occurred on the Jersey Central railroad, near Manch Chunk, last evening. The day operator at Leighton, whose name is Heidesinger, had orders to hold a coal train at that place, so that a passenger train could pass it. The message was received just a few minutes before he gave place to the night operator, and he forgot to tell the latter of the order. The result was a collision between the coal train and a passenger train going at a high rate of speed. The engines came together with such force that they were thrown over the embankment of the Lehigh Valley tracks below.

The passengers were panic stricken, but none of them were injured beyond a few bruises. The killed are: Engineer Bigelow, of the coal train; Fireman Dunlap, of the coal train; Fireman Mitchell, of the passenger train. The injured are: Taylor Bedford, engineer of the passenger train, and two brakemen of the coal train.

TRAIN WRECKERS.

ST. JOHN, N. B., Sept. 30.—Late last night train wreckers ditched the fast Canadian Pacific express from Halifax near Anganoe, sixty miles from St. John. The road is blocked and definite information is lacking. The reports indicate that the sleepers were fastened on the rails and the engine was smashed to fragments. The baggage car was also damaged, but there is yet no word of fatalities. Some time ago at the same place a bolt was taken from the track, a switch left open, and the signal made to indicate that all was well.

MASSACRED BY NATIVES.

Capt. Hedley and a Vessel's Crew Made Victims.

LONDON, Sept. 30.—Information has reached here of the massacre by natives of Capt. Hedley, owner of the cutter Isabell, of Hartlepool, together with the crew of the vessel while engaged in fishing for pearls off the coast of New Guinea. After the murder of all on board the Papuan savages looted and scuttled the cutter.

Murdered and Placed on the Track.

PITTSBURG, Sept. 30.—The remains of Wm. Nolan, an iron worker, were found on the Pittsburg, Fort Wayne and Chicago tracks near Vera station last midnight. It was at first thought that he had been struck by a train, but it has since transpired that he was robbed and murdered and his body placed on the tracks to conceal the crime. His assailants are not known.

ELEGANT STEAMERS

Eclipsing the Ocean Palaces Will Be Placed on the Northern Lakes.

MILWAUKEE, Wis., Sept. 30.—Captain Fred Pabst, the millionaire brewer, who was formerly a lake captain, has concluded to build a fleet of passenger boats to run on Lake Michigan between Milwaukee, Chicago and Mackinaw, which will eclipse in magnificence and strength the palaces of the ocean. These boats will be built all of steel, including decks, the cost of which will aggregate over a million dollars. Captain Pabst had the plans drawn last year, and these will be improved upon, with ideas which he has acquired during his travels abroad. The vessels will be finished in unequalled style and the contracts for them will be ready to go into commission on May 1, 1891.

"PLUCK ME" STORES.

Coal Miners Object to Them—Trouble From a Strike Feared.

RICHMOND, Mo., Sept., 30.—The strike of the coal miners near Camden, which has been in operation about five weeks, is assuming a serious aspect. The men object to the system of supply stores of the company, which they claim are run on the "pluck me" plan. They also wish the semi-monthly payment of wages restored. Saturday about thirty new men were brought to the mines, but the strikers refused to allow them to go to work. It is feared violence will ensue if the company insist on putting new men to work. About 400 miners are idle.

BOODLE NOT BRAINS.

Vanderbilt's Son Gets Very Angry at a Connecticut Newspaper.

NEW HAVEN, Conn., Sept. 30.—Wm. H. Vanderbilt, son of Cornelius Vanderbilt, and a Yale sophomore, was a very angry young man last night. A local paper announced, under the head lines, "Boodle not Brains," that the wealthy New Yorker had been dropped from his class because of low standing. Young Vanderbilt has secured a contradiction of the story from the faculty, and he threatens to sue the newspapers for libel.

A DRUNKEN QUARREL.

Tim Magin Shot and Instantly Killed.

CHICAGO, Sept. 30.—During a drunken quarrel last night Tim Magir was shot and instantly killed at his home, 88 Tilden avenue. Mike Magin, a step-brother of the dead man, is under arrest, charged with the shooting. Mike Mahoney, who is said to have been present and engaged in the quarrel, is also under arrest.

Monument to O'Reilly.

BOSTON, Sept. 30.—At an adjourned meeting of the John Boyle O'Reilly memorial committee last night a resolution was offered declaring it to be the desire of the committee to commemorate the name of John Boyle O'Reilly, by a statute or other memorial in some public place and also by an alcove in the public library to bear his name. It is desired to raise the sum of $50,000 for the purpose. This resolution will be acted upon at a meeting next Monday, when, it is expected, the form of memorial will be finally determined.

Federated Employes.

NEW YORK, Sept. 30.—A committee of forty-three, representing the Federated organization of train employes on the Erie system, is in town with a grievance. The men complain of the long hours, and want to be paid over time if they work more than ten hours. A committee called on Vice-President Thomas yesterday. Mr. Thomas promised to consider their demands and let the committee know his answer at the earliest possible moment.

Prize Fighters.

NEW ORLEANS, Sept. 30.—It is now reasonably certain that a fight will be arranged between Dempsey and Fitzsimmons to take place before the Olympic club in this city. Dempsey yesterday wired the club to forward the articles of agreement on the basis proposed, to-wit: A purse of $12,000. The date of the fight has not been determined, but it will probably take place the last week in October.

Base Ball.

ST. LOUIS, Sept. 30—President Stern, of the Cincinnati club of the National league, gives the following terms on which the club will be sold to the Brotherhood, and if accepted the transfer will be made next Tuesday. The price to be paid is $48,000, of which sum $30,000 is to be cash in hand on that date and a lien of $18,000 follows on the property delivered. It is thought the offer will be accepted.

Chief Arthur.

SAN FRANCISCO, Sept. 30.—Chief Arthur has arrived here for the purpose of adjusting, if possible, the differences between the engineers of the Southern Pacific railroad and the officials of that road.

The Weather.

WASHINGTON, Sept. 30.—Indiana—Rain, preceded in northern portions of Indiana and Ohio by fair, stationary temperature; easterly winds; rain and warmer Wednesday.

General Boulanger.

PARIS, Sept. 30.—General Boulanger will issue a reply to the "Confesses due Boulangisme," in the shape of a book to be entitled "Les Vraies Confesses."

CAN IT BE TRUE?

A Report that Ex-President Hayes is to Wed a Handsome Widow of the Old Dominion State.

The following dispatch appeared in yesterday's Cleveland Plain Dealer:

"WASHINGTON, D. C., Sept. 28.—[Special.]—It is rumored here that Ex-President Rutherford B. Hayes is to marry a widow who lives in Central Virginia. It is understood that they met while she was visiting in Ohio several months ago. The lady belongs to one of the most prominent families in the Dominion. She has been a widow sixteen years, but is said to be very handsome, and looks to be fifteen years younger than she really is."

CINCINNATI, Sept. 30.—Ex-President Hayes has been in Cincinnati for the past few days attending the prison congress. When a reporter called at the Burnet house last night with the intention of asking him if there was any truth in the rumor, it was learned that Mr. Hayes had left early in the evening for the east.

SILVER.

San Salvador Imposes an Export Duty of Ten Per Cent.

NEW YORK, Sept. 30.—Information reached Wall street yesterday that the government of San Salvador has imposed an export duty of 10 per cent. of the shipment. There are but 8,000,000 ounces of silver held on speculative account in New York. The trust companies now charge two cents per day for 1,000 ounces for storage and issue certificates for 1,000 ounces each. Settlements of differences as to the market value of silver fluctuates are made through the Western National bank. Previous to July 15th the storage charge was only one cent a day, and there are many thousand ounces of silver still held at that rate on old contracts. The total production of silver in this country this year will be 50,000,000 ounces. The drop in the price of silver has been very marked recently. The decline yesterday, as compared with Saturday's last prices, was 1¼ cents, making a fall of 3¼ cents in a week. The loss of value on the 8,000,000 ounces held in New York for speculative purposes since Saturday's closing has been $66,600, or $277,500 within a week. The average price paid for this silver had for speculation was about $1.01¼. It was bought at quotations ranging from 95 cents to $1.21½. The highest price was on August 18, $1.21½, and the lowest, 95 cents, was in March last.

A PITIFUL CASE.

A Father Driven to Suicide by the Death of His Children.

NEWARK, N. J., Sept. 30.—Worn in body from constant watching, without sleep and frenzied with grief by the death within the preceding thirty hours of three of his five children from diptheria, while the other two lay at death's door with that same malady, John Keene, a hard working machinist, of No. 132 Plane street, rushed from his home at noon on Sunday and was not heard of again until yesterday when word was sent to Chief of Police Pepper that Keene had shot and killed himself in the Vandyke house at 208 Bowery, New York. Dr. Clarke said yesterday that the case was one of the most pitiful that came under his notice. He has hopes he says of saving the lives of the other two children, as their conditions have changed slightly for the better. The doctor fears, however, that the mother will be driven insane by her great trouble.

AT HIS TENT'S DOOR.

A Brutal Murder Committed in Mexico.

BUFFALO, N. Y., Sept. 30.—News has just been received here of the murder of Arthur Cruttenden, son of Dr. A. H. Cruttenden, of Bath, and brother of W. M. Cruttenden, associate editor of the News, in Mexico. A letter from Henry Canfield, a partner of the murdered man, dated August 22, states that they, with Dr. Howe, owned an interest in a mine near Horachinurna in Sonora, Mexico, and were living in tents at the mine. On the morning of August 21 Cruttenden arose and stepped out of the tent. As he did so he was struck on the head with an axe in the hands of a Mexican. Hearing his cries Dr. Howe hurried to his assistance and grappled with the Mexican and the two rolled over a high bank. The Mexican fled and Dr. Howe was found to be severely injured. Cruttenden started to go to the town for medical assistance. Failing to return, a search was made and his body was found in a brook with a sharp axe in his back, the Mexican having evidently followed him and finished his bloody deed. The dead man was part owner of several valuable mining claims in Mexico.

Hotel Burned.

GLENS FALLS, N. Y., Sept. 30.—The Agrawm, well-known summer hotel located near the Marion house in the town of Bolton, Lake George, was burned early this morning and was entirely consumed, together with its contents. There is an insurance on the building and furniture of $9,000. The origin of the fire is unknown.

Fort Wayne lodge, 116, K. of P., will meet to-night.

KIMMEL SAYS "NO."

The Republican Candidate for Congress from this District Declines the Nomination.

The republican congressional committee, whose duty it was to notify Orlando Kimmel of his nomination for congress by the republicans of the Twelfth congressional district, waited upon him at his home at Ligonier yesterday, and were informed that, owing to other business relations, he could not accept.

It will be necessary now to fill the vacancy on the ticket and this will probably be done by the congressional district committee appointing some person. Who that will be is not known. It is understood that some of the committee are favorable to the nomination of Hon. John W. Hayden and it may be that he will be selected.

Mr. Kimmel probably did not care to make a hopeless race against Congressman McClellan and it is possible the republicans will find it difficult to get a man who will accept the nomination.

BEATEN TO DEATH.

Wm. Joslyn Assaulted by a Gang of Toughs—Arrested for Arson at Napa, Cal.

MT. MORRIS, N. Y., Sept. 30.—Wm. Joslyn, who arrived here from Mt. Clemens, Mich., to which place he removed from here several years ago, was assaulted by a gang of toughs in front of the Scoville house about 10 o'clock last evening and beaten to death. Three of the gang, Fred Diggert and two others, one of whom is named Jerry Keating, have been arrested and the officers are after the others. The murdered man has a wife and two children at Mt. Clemens. He is a brother of F. M. Joslyn, of this place, and was formerly in the livery business here.

NAPA, Cal., Sept. 30.—James Flamont, aged twenty years, the son of a well known citizen, has been arrested on the charge of arson. Flamont and another lad named Lee Howell, it has been discovered, were the leaders of a gang of young fire bugs. For the past two years a number of fires, which were undoubtedly of incendiary origin, have occurred in the town. The authorities were mystified, but finally succeeded in fixing the guilt on Flamont and Howell. Flamont has confessed to firing two buildings. Howell has not been arrested.

BIRCHALL'S BRAVADO.

The Murderer May Cheat the Gallows by Suicide.

WOODSTOCK, Ont., Sept. 30.—While Birchall was being taken to the jail last midnight, after being sentenced to be hung for murder, he made his only comment on his conviction and sentence. He said: "Here's a how-do-you-do; I've had pretty tough luck all through." He retired almost immediately after reaching his cell and slept soundly. He arose at the usual hour this morning, ate a hearty breakfast and appeared not at all depressed. Mrs. Birchall did not learn last night of her husband's fate. She was in a highly excitable condition and her physicians gave her an opiate before the verdict was reached, and she slept soundly all night. This morning she was told of the verdict in the presence of the physician and bore up bravely. It is believed she will recover sufficiently to sail a week from to-morrow for England on the Germanic with Mrs. West-Jones. No one is allowed to see Birchall this morning without an order from the sheriff. The strictest watch is kept over him. Many believe he will cheat the gallows yet by committing suicide.

QUITE A SENSATION.

Excommunication of Vatican Authorities at a Portugal University.

ROME, Sept. 30.—The excommunication by the vatican authorities of the theological faculty of the University of Coimbra, Portugal, and the prohibition of a new ordination of priests in 1890 has caused a considerable sensation. Fears are entertained that owing to the delicacy of the political situation in Portugal, serious consequences will follow this action. The vatican is charged with having shown a lack of prudence in the premises.

A BIG PRICE.

Ten Thousand Dollars Paid for a Two-year-old Trotter.

LEXINGTON, Ky., Sept. 30.—The highest price ever paid for a two-year-old Kentucky trotter was given yesterday when Brasfield & Tipton gave Bowerman Bros. $10,000 for the bay filley, Lady Wilton, record 2:25, two-year-old, by Wilton, record 2:18¾, the only stallion that ever beat Palo Alto, dam, Lemonade, record 2:27¾, by Kentucky Prince, jr. This sale will cancel Lady Wilton's two-year-old engagements, but she will be campaigned next year by a noted trainer.

GETS THE BEST SEAT.

A Colored Citizen of Evansville Sues for Damages Under the Civil Rights Bill.

EVANSVILLE, Ind., Sept. 30.—The first case ever tried here under the civil rights law was terminated at 11 o'clock last night. In May last Charles Sheldon, a well to do colored citizen, visited Eugene Robinson's "floating palace" and demanded the best seat, for which he was charged $100, which he paid. After being in his seat a few moments he left and sued Robinson for the amount of his ticket and damages for $100. After five days' trial the case terminated in favor of Robinson.

DEATHS AND FUNERALS.

Mrs. Louis Romy's Sad Demise—A Child Dies of Spasms.

At 3 o'clock this morning occurred the death of Mary Eils, wife of Louis Romy, of 31 Lillie street. Death was caused by puerperal fever. The deceased was born in Danville, Ill., and was twenty-four years old January 25, last. She had been a sufferer for several weeks, having endured such pain that at times she was delirious. She was unconscious during her last hours. A husband and a babe survive her.

Frank J., the eight-days-old son of John Nieman and wife, of 826 East Washington street, died last evening, of spasms. The funeral will take place tomorrow afternoon, from the house, at 1 o'clock, and at 1:30 from St. Mary's Catholic church.

The funeral of Mrs. Catherine Fogarty took place this morning, from the Cathedral, and was largely attended. Interment in the Catholic cemetery.

The funeral of Mary Magdalene, the nine-months-old daughter of Benoit Ellert and wife, took place this morning, at 9 o'clock, from St. Mary's Catholic church. Interment in the Catholic cemetery.

The funeral of Mrs. C. J. Pierson took place this afternoon, at 1:30, from the house, 155 Hanna street, and at 2 o'clock from the U. B. church. Interment at Lindenwood.

The funeral of Mrs. John Cashman will take place to-morrow morning from the residence, 41 Fourth street, at 9 o'clock, and 9:30 at the Cathedral. Interment will be at Hillsdale, Mich.

AN OLD MAN'S ACCIDENT.

John Lancaster Meets With a Severe Accident—Limb Fractured.

John Lancaster, who is seventy-two years of age, met with an accident while driving on Dawson street last evening which will confine him to bed for a long time. He was driving a team of mules, attached to a load of wood, and when near the Simpson M. E. church, one of sticks of wood fell from the wagon with a rattling noise and frightened the team, which started to run. One of the wheels of the wagon sank into a deep rut in the road, the jar causing Mr. Lancaster to lose his balance and he was thrown violently to the ground in front of the hind wheel, which passed over both his lower limbs near the ankles. The right leg was fractured and the other one badly bruised. Several people who witnessed the accident rushed to his assistance and he was conveyed to his home on Calhoun street, where he is now resting as easy as could be expected under the circumstances. The extreme old age of Mr. Lancaster will impede his recovery.

WITH A BASE BALL BAT.

Well Known Chicagoan Fatally Injures the Trustee of His Daughter.

CHICAGO, Sept. 30.—John Brenock, ex-West park commissioner and an old and well known citizen, assaulted Edward E. Swiney yesterday afternoon with a base ball bat, inflicting injuries which will probably prove fatal. The circumstances of the affair are sensational. For some time vague rumors have been floating around the neighborhood connecting Swiney's name with that of Mrs. Regor, Brenock's married daughter. Brenock finally heard of it, and yesterday afternoon, so it is said, intercepted a note from Swiney to Mrs. Regor. His rage knew no bounds. Meeting Swiney yesterday afternoon, after some words, Brenock seized a base ball bat from a little boy in the street, and struck Swiney a terrific blow on the head. Again and again did he raise the murderous weapon, each time bringing it down with awful force on his victim's head. At this juncture bystanders rushed up, and seizing Brenock led him away. There is little hope of Swiney's recovery.

A BIG FIRE.

Ten Blocks and a Hotel Burned in New York State.

UTICA, N. Y., Sept. 30.—A fire started in the hotel Daniels in this place at 3 o'clock this morning. Ten business blocks were burned to the ground and half a dozen more or less damaged by fire and water before the flames were gotten under control. The loss is $45,000; mostly covered by insurance. The following is a list of the buildings destroyed: Hotel Daniels barn; Whitney's livery stable; Jepson's news store; Ongle's furniture and undertaking establishment; Dishton's meat market; Humphrey & Meehan's restaurant and M. W. Chomby's saloon. The upper portions of the Daniel's hotel was badly damaged. The new town hall and fire department building were also badly damaged by fire and water. The News office was badly damaged by water.

Failure.

BOSTON, Sept. 30.—Raphael & Lemenburg, dealer and manufacturers of cloaking, at 19 Summer street, have assigned to N. P. Jones, of Cumnur, Jones & Cumner. Their liabilities are estimated at from $175,000 to $200,000.

Charles Tressell, of Meyer Bros. drug store, is on the sick list.

DIABOLICAL DEED.

Mrs. Charlotte Haas Nearly Murdered by Two Ruffians

Who Gain Admission to Her Home at the Hour of Midnight.

They Torture Her to Force Her to Tell Where the Money is.

She is Assaulted and Left Bleeding and Insensible on the Floor.

One of the boldest and most atrocious acts that has come to the notice of the officers for some time occurred last night at the southern limits of the city, near the reservoir. The scene of the deed was a dwelling at the southwest corner of Lafayette and Leith streets, the home of Mrs. Charlotte Haas, a German widow, who was the victim of the murderous assault.

About midnight last night Mrs. Haas was aroused from her slumbers by a violent rapping on the back door. She arose and peering from a window, discovered the forms of two heavily built men outlined in the moonlight. She inquired of them what might be their mission at that hour of the night, whereupon the largest one of the two, a man wearing a slouch hat, replied: "Madam, your son has been badly injured in the railroad yards and we have been sent to inform you. Let us in and we will explain how it happened."

The woman has two sons, and one of them, Christian, has been employed in the railroad yards. She feared that he had been badly injured or killed, and this thought drove all fear or doubt from her mind.

Mrs. Haas opened the door, admitting the two men. They had hardly passed the threshold when one of them quickly closed the door, while the other one presented the glittering barrel of a revolver before the startled gaze of Mrs. Haas. The woman divined that the evil intention of these desperate men was to commit robbery, but she nerved herself to frustrate their designs if it was in her power so to do. She screamed loudly for help, but before she could repeat the alarm, one of the men clapped his hand over her mouth at the same time exclaiming with an oath that if she attempted to scream again he would force the revolver down her throat and blow her head off. They then demanded money. She gave them no satisfaction, whereupon they attempted to torture her into divulging the whereabouts of her cash savings of several years. The bold demons, not yet successful in their diabolical act, beat the woman and kicked her until she lay bleeding and insensible on the floor. The men then proceeded to search the house.

In the meantime neighbors, who heard the woman's cries of pain and terror, hurried to the scene and peering through the window, discovered Mrs. Haas lying in a pool of blood. The door, which was locked by the two robbers, was broken open and the excited men to the number of ten rushed in. The assassins, who cared not whether the woman they had murderously assaulted was dead or alive, hastily escaped, leaving behind them in their flight a slouch hat and a red handkerchief and the revolver, the weapon having been dropped in the struggle. The wounded Mrs. Haas was laid tenderly on a bed and a physician summoned. It was some hours before she recovered consciousness. When she did, her first inquiry was to ask whether the fiends accomplished their devilish end. She was assured that they had not, only so far as to seriously injure herself.

Mrs. Haas was seen by Officer Limecooly to-day and questioned regarding the affair. She described the men, and the officers will make a special effort to bring them to justice. The woman is badly hurt and there is an apprehension that internal injury has been sustained from the violent kicks inflicted on her abdomen and chest. Her face is bruised to jelly while numerous wounds appear on her head. It is hoped that the victim in this cruel assault will recover, but there are doubts expressed about it, and it is further hoped, and most anxiously, too, that the actors of this diabolical drama will pay the penalty of last night's work.

THE CRESCENTS.

A Popular Organization Plan for the Winter Entertainment.

The members of the Crescent club held a meeting at their rooms in the Foster block last evening and decided to give a series of receptions during the winter. They also elected officers to serve the ensuing year and were as follows: J. Winstanley, president; E. Rekers, vice-president; J. J. Quillman, secretary, and Skelley Anrentz, treasurer. They will give their opening reception on the 23rd of next month at either the electric club rooms or the Standard hall.

WILD game will have to suffer now. The sportsmen are out hunting.

THE Ohio synod of the Reformed church will convene at Bluffton to-morrow.

THE McKinley tariff bill will hurt the American people more than anybody else.

SENATOR TURPIE is now actively engaged in the campaign and is making masterly tariff speeches in Indiana.

WHAT will we do when congress adjourns! Oh, it won't be long until that body convenes again. Don't fret.

IT is estimated that twenty five per cent more wheat has been sown in this country this fall than was put out last year.

THE congressmen, released from the duties of their long session, will soon be among us discussing the political issues of the day.

THE year enters upon its last quarter to-morrow. In life's great race course the steed, Time, never pauses, nor increases or slackens his speed.

IN these days when time is money Fort Wayne should have rapid transit upon her street railroads. The electric motor car is a necessity of the times.

THE entire corn crop this season promises to be about 1,565,000,000 bushels—a reduction of 548,000,000 bushels, or nearly twenty-six per cent, compared with last year.

A COACHMAN in New York named John Williams, by the death of an uncle in California, has fallen heir to $4,000,000. He is the kind of a coachman for an American girl to elope with and marry.

IT is said two new republican morning newspapers will be started at Indianapolis to boom Gresham or anybody else but Harrison for president in 1892. Why stop at two? Make it half a dozen.

CHICAGO pays its city treasurer a salary of $25,000 a year. In addition to this the treasurer makes $75,000 annually by loaning out the money entrusted to his care. Who wouldn't rather be treasurer of the Chicago than president of the United States?

THE seminary report of the Grand Rapids Catholic diocese is just issued. There are 70 priests in the diocese in actual service, 36 students, 58 churches, 40 parochial schools, 152 teachers, 2 orphan asylums, 1 home for the aged, 3 hospitals, 16,266 Catholic families and 8,110 children.

THE regular annual session of the Northwest Indiana conference of the Methodist Episcopal church will convene this evening at Crawfordsville and continue in session until the following Monday night. It is expected that about one hundred and seventy-five ministers will be in attendance.

THE search into the bowels of the earth for oil and natural gas, and the failure to find them, have made many disappointed hearts within the last few years. The last to be added to the list is Payne, a town on the Nickel Plate road, just across the Ohio line. Her oil well, upon which she built high hopes of its being a gusher, came Saturday "dry," that is it will not pay to work it. There is a large showing of gas, however—with a flow of perhaps a quarter to half million of feet. The local company working it are not discouraged. Competent judges tell them that they are right in the heart of the oil region, and they will go to work at sinking another well.

THE Business Men's exchange, as will be seen by our local columns, held a large and interesting meeting last night. Much good can be accomplished for the city by these meetings, and we are glad to see renewed interest manifested. Keep the ball rolling.

THE Floyd county republicans have concluded not to nominate a county ticket, but to support the independent candidates now running, and make a special fight against the democracy on the legislative ticket. This is the Michener scheme to capture the legislature and secure his election to the United States senate.

SENATOR VOORHEES has made appointments to speak in the democratic campaign as follows: October 6, Gosport; 7, Brazil; 8, Logansport; 9, Huntington; 10, Columbia City; 11, South Bend; 13, Plymouth; 14, Albion; 15, Auburn. Senator Turpie will participate actively in the campaign in the First and Second districts.

THE nights are growing longer and the members of the family find more time to read. The evening paper supplies the need and is a welcome visitor. Without going from your home you learn from its columns the principal happenings of the day in your own city and the world over. No family should be without the evening newspaper.

SOME weeks ago the Indiana School Book company brought suit against the school trustees of the city of Frankfort, Ind., for damages for refusal to put in use the books which the company furnished under its contract with the state. Saturday the case was dismissed at the cost of the defendants, who agreed to use the books as required by law.

POSTMASTER VANCOTT, of New York, calls attention to the fact that considerable inconvenience to the employes of the postoffice department and delay to mail matter results from the failure of the public to properly address mail matter intended for delivery in North and South Dakota, large quantities of such matter being simply addressed "Dakota."

INSTANCES have been called to our attention where boys and young men standing on the streets have made insulting remarks to ladies as they pass by. A communication is before us citing a case on Barr street where two lads make a nightly practice of insulting ladies and we are asked to call the attention of the police to it. The young scoundrels should be dealt with severely.

FOR some reason the fish in the Sandusky river in Ohio are dying by thousands, and in some places the surface of the stream is almost literally white with dead and dying fish. They have evidently been poisoned by some substance poured in the water, and it is thought possibly the responsibility rests with a brewery which a few days since turned into the river a hundred or more barrels of spoiled beer.

THE editor who thinks he is the only fellow in the profession who is able to discuss the tariff question intelligently ought to move to Hindostan and teach the natives differential calculus. The tariff is one of the easiest questions in the world to talk about, judging by the number who attempt to speak and write on it. The man who earns $1.25 a day and spends a good share of that for the tariff on the necessaries of life feels it's burdens even if the protectionist can "down him" in a discussion on the subject.

THE czar of Russia must lead an unhappy life with the fear of assassination or a violent death of some kind staring him in the face every hour. Last Saturday another attempt was made upon his life. This time the conspirators planned to wreck a train by which it was believed the czar intended to travel from St. Petersburg to Warsaw. An obstruction was placed upon the track in the shape of five sleepers, which were tightly wedged in between the rails. The train which was supposed to be carrying the czar crashed into the barricade and was thrown from the track.

THE proposition to have the county purchase the gravel roads and make them free meets with favor. In Marion county the project is being pushed. The people there will vote on it in November, when the state elections are held. The appraisement of about forty-five miles of roads in that county was accepted yesterday. The total appraisement was nearly $80,000. If these roads are voted free, and they doubtless will be, there will remain but three toll roads in that county. Petitions have been presented asking that these roads be made free, and the probabilities are that within the next six months every road in Marion county will be made free. When the roads appraised yesterday have been voted free Marion county will have 272 miles of free gravel roads.

IN May last the citizens of the village of Mooreland, Ind., voted in favor of incorporation, but now a peculiar quandary has arisen; growing out of the need of an election for town officers, to serve the remainder of the present town year. There being no officers, and the Australian law being in force, there is no one with authority to conduct the election, nor does a ready means of bridging the difficulty suggest itself.

THE late ex-Congressman Heilman, of Evansville, bequeathed $10,000 to his son George, $50,000 to William, $60,000 to Frederick and $22,000 to his daughter Mary, leaving the remainder of his estate to his wife, and what remains after her death to be divided equally among all his children. However, if Mrs. Heilman re-marries, then only one-third of the estate goes to her. She was made executrix of the will without bond.

THE Birchall murder trial, which has been in progress at Woodstock, Ont., for some time, was brought to a close yesterday, the jury returning a verdict of murder in the first degree. The prisoner, John Reginald Birchall, was charged with the murder of F. C. Benwell in Blenheim swamp during February last. The case has excited great interest, exceeding anything ever known in Canadian criminal jurisprudence. Birchall was sentenced to be hung on November 13.

SUBSCRIBING STOCK.

Five Thousand Dollars Raised for the Exposition Project.

The Business Men's Exchange met in regular session last evening with President J. B. Monning in the chair. The principal topic was the exposition project, although the individuals appointed at the last meeting to investigate certain matters were called upon to report. Frank Alderman said that the laws permitted any township to free its gravel roads. He suggested that the only way for Allen county to have free gravel roads is to take the matter in hand with earnest zeal. In this he was supported by every member of the exchange, and Professor Leonard, of the Gazette, Col. D. N. Foster and Councilman Cody took part in the discussion.

D. N. Foster, chairman of the fair and exposition committee made a report. The site propositions came first and opening a letter from Edwin Evans, he announced that Mr. Evans would sell his farm and buildings on the St. Joe road for $35,000 and take $5,000 of the amount in stock. Hon. Fred. J. Hayden had 120 acres near the Feeble Minded school that he would lease for $750 a year for a term of ten or fifteen years. Stephen A. Tabor has a farm of 160 acres on the Maysville road that can be leased for $1,000 a year and taxes. Paul Tabor has a tract of forty acres that can be leased for $500 a year with all the additional land needed adjoining to it. The Hamilton farm on the Maysville road, the Baade farm of seventy acres on South Broadway, the Swinney land across the river, the Centlivre farm, the McDonald farm, the Pfeiffer farm, and other sites were suggested and laid aside for future action.

A. S. Lanferty submitted figures to show that the exposition would pay, and based his estimate on leased ground. He stated that for $20,000 the exposition and race track could be completed. He would then hold spring and fall meetings and for the first prophesied an attendance of 10,000 people, and for the second an attendance of 40,000. This would yield $25,000 gate receipts, aside from the sale of privileges. He figured easily a dividend of 10 or 15 per cent. on a capital of $25,000. Col. D. N. Foster said he had implicit faith in the safety of the investment. Hon. Chas. McCulloch urged the project, but suggested a long lease of the site selected.

S. M. Foster and A. D. Cressler followed encouragingly, and a motion was made to organize an association with a capital stock of $30,000, with $15,000 as a basis for action and the election of officers.

The following stock was then subscribed: Chas. McCulloch started the list with a subscription of $500. D. N. and S. M. Foster subscribed between them $1,000; A. S. Lanferty subscribed $500; A. D. Cressler, $500; Louis Wolf, $200; C. D. Tillo, $200; John Christen, $100; Rockhill Bros. & Fleming, $500; J. K. Ross, $100; J. P. Ross, $100. The members of the committee on organization commenced the work this afternoon. This committee is composed of J. W. Bell, A. E. Hoffman, A. D. Cressler, Willis Bash, H. C. Rockhill, S. M. Foster, Thomas Stewart, M. Frank, R. T. McDonald, W. H. Watt, W. H. Fleming and D. N. Foster.

E. Baker's excursion was reported to be coming here October 23.

W. P. Cooper was given the floor. He reported that Niedringhaus Bros., of St. Louis, were talking of a site for extending their immense business now located at St. Louis, Mo. A rolling mill, tin-plate works and steel plant are what the Niedringhaus brothers propose to add to their present works. Congressman Niedringhaus of the firm said the other day: "We have sufficient ground in North St. Louis to carry out these improvements, providing that the city will permit us to unite our blocks by vacating a street, but we can not do what we propose on a single block or on divided sites. Before we go ahead there are several important questions for us to decide. My brother and I are part owners in a railroad and in mines. The manufacturing interests which we have would easily keep up a city of 10,000 people. It is a question whether we would not do better to take a site outside of the city and build up a community as we extend our works. We can go to towns which will gladly give us all of the land we want upon which to locate our works. These preliminary questions are to be settled first and then will come the building operations." The exchange authorized Mr. Cooper to correspond for the exchange with Neidringhaus Bros., asking them to locate this valuable plant in Fort Wayne.

The Olds wagon works are now operating eight hours per day.

R. T. Welch, engineer on the Pittsburg road, is on the sick list.

J. Reidt, fireman on the Pittsburg road, is off duty on a vacation.

An addition is being built to the platform at the Pittsburg depot.

The Wabash machine shop is now operating thirteen hours per day.

J. C. Kencill, engineer on the Pittsburg road, is off duty on a vacation.

The clerks in the Pittsburg shops are busy making out their monthly reports.

J. J. Hayes, fireman on the Pittsburg road, is off duty on a few days vacation.

T. Fullmer, of the Olds wagon works, will play a guitar in E. Bost's string band.

The Anthony Wayne manufacturing company is closed down to-day to make repairs.

E. M. Snyder, fireman on the Pittsburg road, has reported for duty after a sickness.

M. E. Ames, engineer on the Grand Rapids road, is off duty on a few days' vacation.

George Smith has accepted a position in the wheel department of the Kerr Murray works.

Jacob Stine, of the American wheel works, will leave for a visit with friends at Huntington.

Philip Dunahy, of the Pittsburg store house, will soon leave for Rome City on a week's vacation.

Fred Baumeister, John King and John Ford, of the Bass moulding rooms, are off duty to-day.

C. P. Lehr and A. Schumeyer, of the Pittsburg round house, are off duty on account of sickness.

The tire department of the American wheel works is closed down for the remainder of the week.

T. Carman, engineer on the Grand Rapids road, is off duty on account of the death of his father.

Adam Smith, of the Bass moulding rooms, is detained from duty on account of a badly burned foot.

John Brown, of the boiler department of the Kerr Murray works, is off duty on account of sickness.

Charles Rosenberger, of the American wheel works, is spending a weeks vacation at Garrett City, Ind.

Louis Miller, of the Kerr Murray works, is at Bloomington, Ill., doing some work for the company.

Fred Minnewisch, of the Pittsburg machine shop, is off duty on account of a severe attack of rheumatism.

Mike Hogan, of the Pittsburg car shops, has returned from Leipsic, Ohio, where he was visiting his aunt.

J. G. Carman, engineer on the Pittsburg road, is off duty on account of the death of his uncle Kip Carman.

B. S. Hedges and W. Longheury, fireman on the Pittsburg road, has reported for duty after a vacation.

Fred Meyers, of the Pittsburg lumber yard, was obliged to leave his work yesterday on account of sickness.

Wm. Henker, of the Olds wagon works, has returned from a trip to Bluffton, where he was visiting his uncle.

Joseph Ratner and John Rupp, of the Pittsburg blacksmith shop, have returned to duty after a few days' absence.

Martin Travers, formerly of the Pittsburg machine shop, has accepted a position in the wheel department of the Kerr Murray works.

Clarence Baker has resumed his duties as mason on the cupalos in the Bass works, after nearly a year's absence on account of a paralytic stroke.

Fred Lagerman, of the Pittsburg boiler shop, will go to Chicago next week to accept a position in the electric light department at that place.

Dr. J. M. Kells, medical examiner of the Pennsylvania relief department, has returned from an extensive trip, during which time he had a consultation with the celebrated Paris physician, Dr. Pasteur, with a view to the erection of a hospital on the doctor's plan for hydrophobia. Dr. Cisna, from Chicago, performed the duties during his absence.

J. J. Quillinan, of Shop Clerk Meegan's office of the Pittsburg road, has returned from an extended vacation. He visited at Toledo and took a trip around the lakes.

The Vandalia is credited with being the most exempt from accidents of any road running into the state of Indiana, and this is due to the fact that very seldom is there a change in trainmen. When one drops out, however, another veteran in the service is promoted to his place and all have been trained to be careful, and are invariably men of good habits.

The sudden death of Kip Carman yesterday afternoon was sad news to the employes of the Pittsburg machine shop. He was an employe of the shop but has been unable to attend to his duties for several months. He was highly esteemed for his good fellowship and disposition. To show their regard for him they will present an appropriate wreath and will turn out in a body at the funeral.

On Saturday the circuit court of Wabash county, Indiana, issued, on application of the Wabash railroad company, an injunction restraining and prohibiting the Chicago and Erie railroad company, its officers, agents and servants, from doing anything calculated to prohibit or interfere with the running of the trains of the Wabash railroad over the tracks of the Chicago and Atlantic railroad between Laketon and Hammond.

The Kerr Murray works is at the present time rushed with orders, and in several of the departments they operate fifteen hours per day. The capacity of the moulding rooms was increased a short time ago and still they are not able to fill the orders for castings and are obliged to place orders with the Bass works, Indiana machine works and the Fort Wayne iron works. The orders turned out of these works go to all parts of the United States and Canada. Last week they made a large shipment of gas machinery to Windsor, Ontario, Canada, and also a consignment to the southern part of Florida, and a car load shipments to Atlanta, Ga., and Helena, Mont. Saturday they shipped a large consignment to the Port Townsend gas light company at Port Townsend, Wash., of which John Lillie, a former resident of this city, is president. Henry Loos, who has just returned from superintending the erection of a plant at Wheeling, W. Va., accompanied the plant to that place.

What Does it Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

Mr. Joseph Savory has been elected Lord Mayor of London.

ENSIGN RUMSEY'S DEATH.

He Was Drowned Off the Coast of Yokohama.

Hon. J. K. Edgerton, upon receipt of a cablegram yesterday announcing the death of Ensign Harry B. Rumsey, off the coast of Japan, as stated in THE SENTINEL yesterday, at once sent a telegram to the United States navy department for particulars. At a late hour he received a responsive telegram, which stated that the navy department had been informed by a dispatch from Admiral Belknap, of the United States war ship Swartha, now in Japan waters, that young Rumsey had been drowned off Yokohoma, on Friday, the 26th inst. It was not learned whether or not the body has been recovered. The deceased was a promising young man. He was a graduate of the Annapolis naval academy and was on his second year's cruise. Three years ago the boy's father, Capt. Henry B. Rumsey, whose widow now resides with her father, Hon. J. K. Edgerton, on West Wayne street, this city, was fatally burned in a hotel holocaust at Buffalo, N. Y., saving a little girl's life by the act. The death of the young man so soon after his father is indeed a sad blow to the mother and to the family.

A Reprieve for the Condemned.

Wretched men and women long condemned to suffer the tortures of dyspepsia, are filled with new hope after a few doses of Hostetter's Stomach Bitters. This budding hope blossoms into the fruition of certainty, if the Bitters is persisted in. It brings a reprieve to all dyspeptics who seek its aid. Flatulence, heartburn, sinking at the pit of the stomach between meals, the nervous tremors and insomnia of which chronic indigestion is the parent, disappear with their hateful progenitor. Most beneficent of stomachics! who can wonder that in so many instances it awakens grateful eloquence in those who, benefited by it, speak voluntarily in its behalf. It requires a graphic pen to describe the torments of dyspepsia, but in many of the testimonials received by the proprietors of the Bitters, these are portrayed with vivid truthfulness. Constipation, biliousness, muscular debility, malarial fevers and rheumatism are relieved by it.

SOCIETY journalism in Japan, when it comes, will be a delicate vocation, for so sensitive is the Government as to "speaking evil of dignitaries," that it has just sentenced the editor of the *Gifu Gazette* to penal servitude for four years and a fine of £2,000 for speaking lightly of the 2,555th anniversary of the Emperor Jimum. An American journalist, or even some of our indigenous specimens, would either smash up or be smashed up by the Government in about a week.

A Blind Billiardist.

Julius Stern is the name of the most remarkable billiard player this country has ever seen. He is totally blind, yet a four cushion shot is common amusement to him, and he can "draw," "English" and coax balls around an ordinary billiard table in a way that simply astounds people who see him for the first time.

Twelve years ago Julius was one of the fastest long-distance walkers around New York. He could also sprint very well. He won much fame and many medals as an amateur on the cinder path. He caught a cold that settled in his left eye in 1872. After six years the doctor made up his mind to remove the eye, because the right eye was becoming affected. When the operation was finished young Stern was absolutely blind in both eyes. He passed one term in the Institution for the Blind in New York, but found that no trade he could learn there would support him. He went to work for a cigar seller and a few years ago began business for himself.

He is nearly six feet, slender but wiry and muscular. It is hard to believe that he is blind. He walks about his store and long billiard-room without a stick or any assistance. So keen is his sense of "touch" that he can "feel" any obstruction four or five feet away. He can tell when he is near such a small object as a hydrant or lamp-post on a quiet street by observing the difference in sound made by their obstruction. He sells twenty-three kinds of cigars, fourteen kinds of cigarettes and a dozen other varieties. He never makes a mistake. He makes change rapidly and distinguishes bills readily.

It is hard to describe how Mr. Stern manages the game of billiards. He locates the balls by the "spots" on the table and by placing them at certain distances from the little white diamonds in the rail. He makes a shallow "bridge" of his left hand, and his fingers flutter nervously over the cue ball before he shoots. He hits the ball as he chooses, whether for a simple carrom, follow, draw or masse shot. If any one who reads this article will shut his eyes and simply try to strike a billiard ball with the point of a fine-tipped cue he can guess at the marvel blind Julius Stern accomplishes in directing the one ball wherever he wishes it to go.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual—The Most Stupendous Transaction Known in the History of Insurance,—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 789. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— DOLLARS.

$578,345 00/100 — 29 DEC 1889. — CERTIFIED, Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

ITS THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Mr. A. Mergentheim advertises his millinery opening to a great extent, therefore he has a mammoth stock and of the correct styles, so that everybody attending his opening will find the greatest selection ever seen in this city.

Latest Styles.

The new, fascinating and popular fall and winter style of the Miller hat have just been received, and the style and quality are absolutely the best. People who know how to dress well should choose the Miller hat this season, above all others. The Miller is the favorite and the leading style among all other hats in the east, and will undoubtedly be the craze of the city. It is the lightest in weight and the most durable hat made, besides possessing an excellency of fabric, etc., that no comparison can be made with other hats. Meyer & Niemann, of 142 Calhoun street, are the sole agents in this city and their stock is so large and varied that everybody can be suited.

In prices they are reasonable and everyone purchasing a Miller hat should know that he is getting no cheap and shoddy goods but a hat of guaranteed quality, workmanship and style.

Gold Watch Given Away.

For every nickel spent over my bar you will receive a ticket which gives you an opportunity to get a gold watch warranted for fifteen years for nothing. The watch will be given away the evening of October 16.

The winning ticket must be in the house when the watch is drawn.
